THE BREW

With lighter warmer days on the horizon, a French Provencal rosé is a rosy way to shake off winter. The Invivo X SJP Rosé 2019 is sourced from the grape-growing region known as the “Golden Triangle” in Provence situated between Saint Tropez, Puget-Ville, Les Arcs, and Le Thoronet. Made with cinsault, grenache, and syrah grapes harvested only at night to avoid the heat and with minimal time from vine to press, this wine has all the delicate aromas and flavours of a classic Provencal rosé.

The aroma profile invokes clear rose and bright summer berry characters, wrapped in a minerality that makes the wine exceptionally fresh. The final blend is done in collaboration with Sarah Jessica Parker and Invivo Wines, and the result is quite delicious, fruity, and dry with a blushing coral pink hue — a perfect drop for spring sipping.
